- The opportunity for the Mayor (and/or Councillors) to take part in official duties (if appropriate).

Applicants will be supported with one off grants. In circumstances where Council deem funding stability over more than one year is necessary to appropriately achieve a sustainable outcome, a multiyear sponsorship agreement may be considered; these must be able to demonstrate:

- A clear increase to external visitation through celebrating Pyrenees strengths and unique tourism attributes.

Responsive Grants

A category of limited small grants available to respond to an unexpected and or urgent community need.

Financial support is for essential activities that require a timebound, quick response i.e., cannot be referred to the scheduled grant and sponsorship fund.

Applicants will need to clearly explain why the request is urgent or unforeseen.

Examples of projects may be those that need:

- Help with unanticipated expenses, fees or urgent issues posing a risk to existing community groups, programs, or events.
- Take advantage of an unexpected opportunity to benefit the group and/ or the wider community.
- Support the establishment of a new organisation within the first 12 months of operation as an eligible legal entity.
- Requests for waiver of venue hire fees for community events.

Applications are accepted throughout the year until funds are exhausted.

Ideas, support, and application references may be made to the strategic objectives and actions contained within the following Plans:

- [Community Vision - Shaping the Pyrenees](#)
- [Council Plan 2021 - 2025](#)
- [Municipal Health and Wellbeing Plan](#)

Event Signage Subsidy

Council has installed tourism and event promotional signs frames located on the road approaches into Avoca and Beaufort. These allow the promotion of upcoming events and regular tourist attractions, publicising Pyrenees Shire as a great place to live, work and visit.

The framework provides a metal guide that allows removable sign inserts to slide into the frame easily and securely. The sign framework is the property of the Council, with the sign inserts owned by the relevant event or tourism organisation.

The design and manufacturing of sign inserts are at the expense of local event organisers. Council will support events with a one-off subsidy of \$250 towards the production of the reusable sign inserts.

Local sign manufacturers can provide advice and guidance, but in general, inserts should:

- Be produced on corflute or metal material.
- Be designed with minimal and direct text (drive traffic will not have long to take in details).
- Use of one image only.
- Provide for a "blank space" to allow multiple / ongoing use with annual change of date or venues (consider magnetic attachments, or vinyl stickers).
- The framework will hold sign inserts of 2000mm x 900mm on both sides.

Signs must not be nailed or screwed onto the frame; they should only slide in for easy removal to the sliding rails provided. Any repair costs to framework will be charged to the event organising committee.

The sign frames are located below, with the frames able to hold a sign on each side:

- 3x Beaufort East approach Western Highway
- 3x Beaufort West approach Western Highway
- 2x South approach Avoca Sunraysia Highway
- 2x North approach Avoca Sunraysia Highway
- 1x East approach Avoca Pyrenees Highway
- 1x West approach Avoca Pyrenees Highway

Council prefers that frames are permanently populated with upcoming events, as empty sign frames do not promote a vibrant Pyrenees. Therefore, markets and other activities regularly held throughout the year can use the sign frames, however priority placement will be given to events up to four weeks prior to an event.

General Guidelines

The following provides guidance on requirements that are common to all program categories.

Who can apply?

Applicants must be either a:

- Community Group or not-for-profit organisation located in the Pyrenees Shire.
- Not-for-profit organisation located elsewhere but provide services or programs to Pyrenees Shire residents.
- A committee appointed by Council or a Council Community Assets Committee.

Government funded agencies operating primarily through volunteer effort may apply (i.e., SES and CFA units) but projects need to demonstrate broad community benefit.

Local schools can apply if the project:

- Is not curriculum-based,
- Can strongly demonstrate broad community benefit, and
- Is partnered with a community organisation.

Applicants in all categories must:

- Have no outstanding legal matters or unresolved debts with Council.
- Have no unresolved action concerning a notice or order related to a planning, building or environmental health issue.
- Have met all acquittal conditions of any previous Council funding.
- Adhere project delivery to relevant legislation (i.e., Equal Opportunity Act 2010) and in accordance with all Council statutory requirements, relevant building codes and heritage guidelines.
- Have obtained relevant quotations for goods and services from registered suppliers.
- Conduct the project within the Shire. If not, the benefit to Shire residents must be demonstrated (incl. evidence / statement as to why it cannot occur in the Shire).

Applicants are encouraged to speak to the Community Wellbeing and Grants Coordinator where you may wish to confirm eligibility requirements.

What the Program wont fund

The program is not able to fund:

- Ongoing operational costs (i.e., permanent salaries, utility expense, transport, venue hire).
Payment of staff may be supported where the applicant demonstrates an essential need to enable a project. Applicants must show how they will self-sustain any staff engagement post funding (if required).
- Routine and regular maintenance.
- Exclusive events (i.e., those that do not include broad community participation).
- Projects unreasonably duplicating existing services in the Shire.
- Projects solely for the purpose of fundraising.
- Projects not meeting relevant Standards or other legislative obligations (e.g., lighting projects, court dimensions etc.).
- Projects that have been funded through the Program previously.
- Projects that require ongoing funding from Council.
- Projects that have already commenced or have been completed.
- Projects designed to promote religious, discriminatory, or party-political views.
- Late or incomplete applications, including those without necessary supporting documents.

If you feel your project idea is a unique circumstance to any of the above directions, you are encouraged to speak to Council's Community Wellbeing and Grant Coordinator to discuss.

- Where applicable, applicants must identify what planning, building, event, or other permits required to undertake the project.
Permit processes, if required, can run in tandem with an application.
Costs of required planning / building permits must be included in project budgets.
- Council may choose not to fund a project by applicants who have previously received funding, should the current program be oversubscribed.
- Groups may submit multiple applications, but they must be for different projects.
If submitting multiple applications, applicants need to state priority order of applications.
- Groups may apply for consecutive funding rounds; however, preference may be given to those who did not receive successful funding within the previous round.

Funding Criteria

Assessments are based on merit of the application in response to assessment criteria nominated below.

The Program can experience high demand. As such, not all applications may be successful. Consequently, applicants should make every effort to submit a comprehensive application.

Applications will be initially screened for eligibility and provision of required documentation. Any applications that do not meet eligibility requirements will not proceed to the formal assessment phase.

Ability to demonstrate	Description	Weighting	
		Annual Grant	Responsive
Criteria 1 - Need: Why is the Project important, needed, and justified?	<ul style="list-style-type: none"> • Clear expression of the project aims / objectives. • Evidence in addressing a need or opportunity. • Extent to which the project increases access to recreational, social, cultural, environmental, or economic benefits. • Demonstrated link to strategic directions of council / community. 	30%	50%
Criteria 2 - Benefit: Who will the Project benefit and who are the target participants / audience?	<ul style="list-style-type: none"> • Number of positively affected partners, and the audience and participants involved. • Use of local suppliers and support partners. • Measurable impact on project participants particularly any hard to reach, vulnerable or priority community segments. 	40%	30%
Criteria 3 - Delivery: How will the Project be delivered?	<ul style="list-style-type: none"> • Evidence of project planning with the demonstrated skills and experience to deliver the Project. • Clear and accurate timelines / milestones and budget planning that is supported by other forms of funding and quotations (where applicable). • Considerations made of risk management, OHS and project sustainability (if applicable). 	30%	20%

The Application Form provides questions that will guide your response to the above criteria.

Budget Management

The budget you submit needs to include all income and expenditure related to the project, including:

- The anticipated grant amount appearing as income.
- Declaration of all income sources relating to the project, including other grants and sponsorships.
- Total Income (incl. the anticipated grant) should equal your Total Expenditure.
- Reflect donations and in-kind assistance (i.e., free venue hire) in both sides of your budget.
- Council will not be responsible for under estimation of costs.
- An example budget is provided for reference on council's website at: <http://www.pyrenees.vic.gov.au/Community/Community-Funding-Program/Case-studies-and-templates>

Why we ask for a minimum funding amount on the application form

- While Council strives to fund full amounts requested, if there is a full subscription of applications, funds may not be available.
- Successful applicants may be offered a lower amount than requested. Therefore, we ask what the minimum funding is required for the project to run and provide opportunity for you to describe any impact a lower funding amount may create.
- We strongly encourage applicants to make use of these questions when appropriate so that the assessors can make informed decisions.

Applicants' financial contribution

Council appreciates financial challenges prevalent across communities with respect to the cost of living crisis. However, there is requirement for larger projects to contribute financially:

- For most small requests, no applicant cash or in-kind contribution is required.
- For larger projects, such as larger capital works projects and events, applicants should provide contributing resources.
- Council will provide funding on a 2:1 basis for projects, meaning that for every \$2 provided by Council, successful applicants must contribute a minimum of \$1 towards the project cost (including in-kind).

Should applicants be able to demonstrate financial hardship, the above financial requirements may be negotiated. Please discuss with the [Community Grants Coordinator](#), prior to lodging your submission.

Funding Category	Total	Funding Ratio
Programs, Projects, Activities & Event Support.	Up to \$2,000	No contribution
Minor Capital Works & Equipment	Up to \$2,000	No contribution
	\$2,000 and over	\$2 : \$1
Tourism Event Sponsorship	Up to \$2000	\$1 : \$1
	\$2,000 and over	\$2 : \$1

Documenting In kind support in your budget

- The value of in-kind support should be reflected in both your income and expenditure.
- In-kind includes contributions by volunteers and suppliers in terms of time, goods or professional services donated.
- Estimating the work required will help you determine the level of applicant contribution required and helps to demonstrate the true value of your project.
- It is good practice to also supply a breakdown of estimated in-kind support to show how the figure in your budget was reached. i.e.:
 - General committee member contribution (e.g., planning, coordination, etc.) @ \$20 per hour.
 - Specialist/expert contribution (e.g., tradesperson, professional service) @ \$45/hr.

Compliant financial contribution – Grant and Sponsorship Category:

Council Requested Grant	Applicant Contribution		Total Project Value	Eligible	Explanation
	Cash	In-kind			
\$2,000	\$1,000	\$0	\$3,000	Yes	\$2: \$1 funding ratio met with cash
\$2,000	\$500	\$500	\$3,000	Yes	\$2: \$1 funding ratio met with in-kind and cash
